Warm up to fantastic family living with this optional 2-sided gas fireplace between the great room and the dining room.

This home's enormous kitchen boasts ample storage space and is open to the great room, creating the perfect setting for family gatherings.

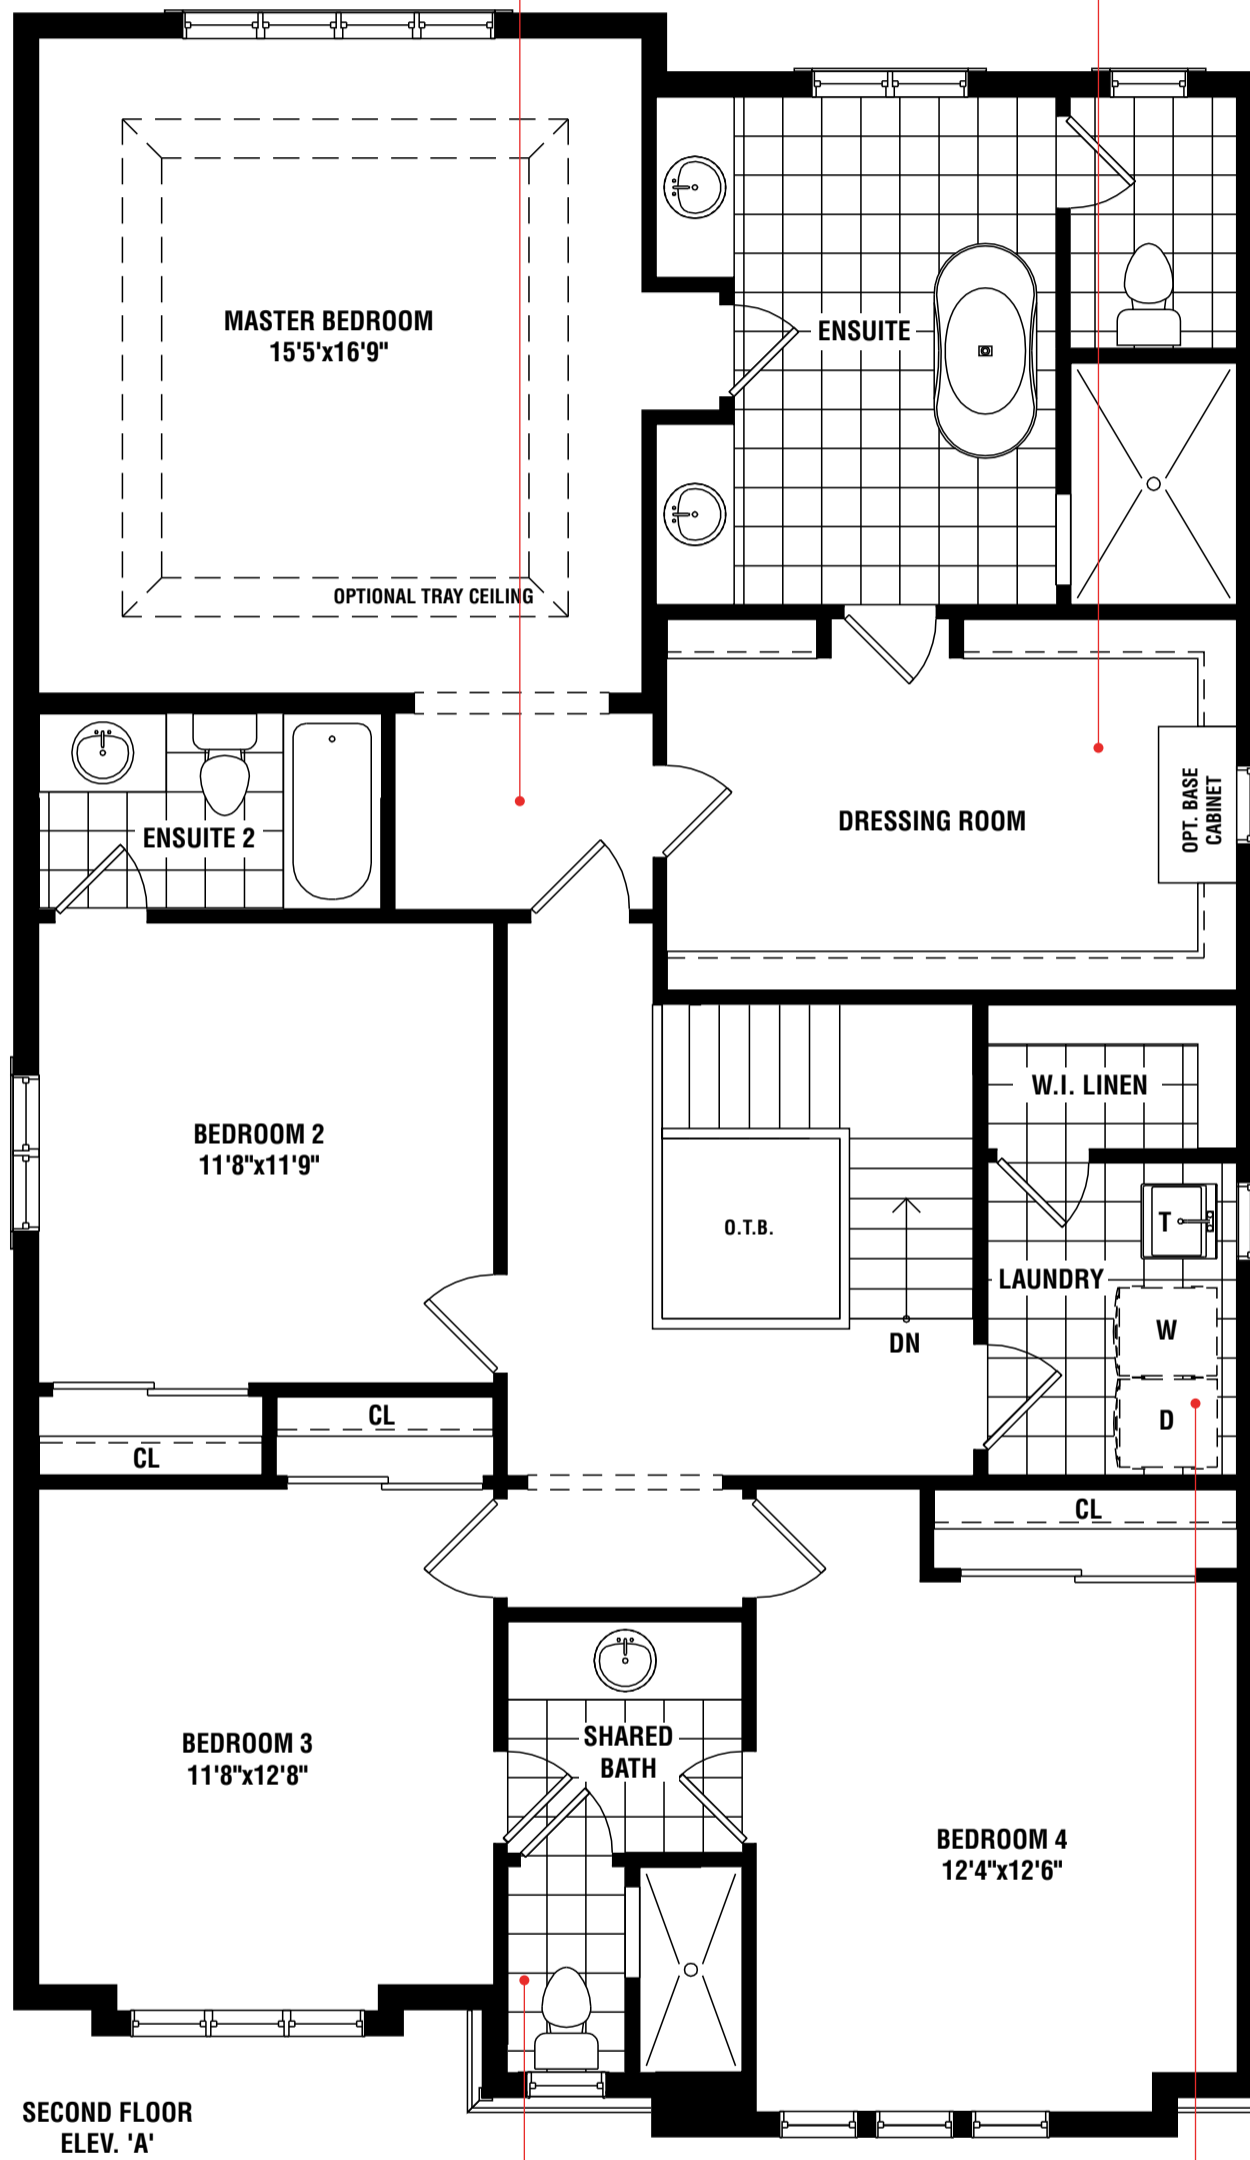

Create your own personal styling station in this charming nook in the master suite.

You can give your wardrobe the space it deserves with this spectacular dressing room in the master suite.

It's easy to keep your wet outdoor clothes out of the way with this convenient sunken mudroom with direct garage access.

A large pantry means you will always have plenty of storage space to keep your kitchen well stocked.

There's nothing better than an upstairs laundry room to keep things running smoothly in your home.

The shared ensuite between bedrooms 3 and 4 features a private water closet and shower area, so your family members can easily share the space.
